Do you do contraceptive counseling?

You may be eligible to participate in a study

We are researching how primary care providers approach contraceptive counseling, especially with patients that are insured by Medicaid.

You may be eligible if:

• You are a primary care provider
• You can prescribe contraception
• You perform contraceptive counseling as part of your job
• Many of the patients you see have Medicaid insurance

What is involved?

• A one-time interview lasting approximately 30-60 minutes which can be done face-to-face or over the phone
• Compensation of $5.00 for being interviewed
