REPORT OF THE FAMILY PHYSICIANS OF OREGON PAC

We are making real strides in bringing the attention of the legislature and policymakers to the crises in primary care. Having a strong PAC makes that work easier.

Because of strong member support at last year’s conference, we were able to make meaningful contributions to **more races** than ever before. Have you renewed your PAC membership in 2025? **Check the list below, and take action!**

Our bipartisan contributions are listed below. Names in **red** indicate a losing candidate.

About the PAC

The Family Physicians of Oregon PAC (OAFP PAC) is organized to support OAFP policy advocacy through expenditures on Oregon state elections. The OAFP PAC targets support for lawmakers who are shaping the future of primary care in Oregon, and it is the professional responsibility of all members of the medical community to be involved in the political process.

Membership in the PAC is annual, based on the calendar year. If you are not sure if you have donated to the PAC, check with OAFP Staff. Online donations are welcome at any time; recurring donations of \$25/month or more are especially welcome.

The PAC Board continues to work toward increasing annual participation. In 2024, we had solid participation from a successful giving drive at the Annual Conference. If you have not yet contributed to the PAC in 2025, now is the time. **We have a generous stacked giving challenge in play this weekend.** [Contribute today!](#)

PAC Leadership

We are actively seeking additional PAC Board members! This group meets twice per year, and renewable terms are two years. The PAC is nonpartisan, and particularly seeks representation from rural Oregon. **Any contributor to the PAC is eligible to serve on the PAC Board.** This is a great way to be engaged for folks with little time. Several new PAC Board members are needed, so please consider volunteering!

Current OAFP PAC Balance (as of 5/21/25) \$1,913

C&E Systems, our PAC management vendor, provides accounting services for the funds, receipts to contributors, and ensures required regulatory reporting is completed.
